Introduction

At Casa Pepa, Christmas is more than a season — it's a table, a gathering, and the unmistakable flavours of Spain shared with the people we love.

Our 2025 Christmas Hampers have been curated to bring together the most iconic Spanish products: Ibérico charcuterie, artisan cheeses, traditional sweets and wines crafted for celebration. Each hamper is designed to suit gatherings of different sizes and to offer an effortless way to enjoy the very best of Spanish gastronomy at home.

Whether you're gifting a colleague, surprising a friend, or preparing your family table, our hampers are made to delight from the moment they are opened. Beautifully presented, filled with care, and ready to enjoy.
This year, we also offer ready-to-serve platters and custom corporate hampers — ideal for offices, events and those who want to elevate their festive moments.

From our table to yours,
we wish you a warm and flavourful Christmas.
